(L) Dr. Gottfried Hirnschall
( ) Dr. Ray Yip (R)
Organizing Committee and Co-Chairs

Summit Participants
A Dedicated Fund
For the Elimination of Viral Hepatitis

VISION:
A world where viral hepatitis has been eliminated as a major public health threat by 2030

MISSION:
To catalyze actions to engage, prepare, and assist countries with high prevalence to reach the targets for eliminating viral hepatitis

Steering Committee

- Marc Buterys (WHO Global Hepatitis Program)
- Charles Gore (World Hepatitis Alliance)
- Rana Hajjeh (WHO Regional Office for the Eastern Mediterranean)
- Paul Kuehnert (Robert Wood Johnson Foundation)
- Tony Lee (McKinsey & Company)
- Wangsheng Li* (ZeShan Foundation)
- Ying-ru Jacqueline Lo (WHO Western Pacific Regional Office)
- Lillian Lou (John C. Martin Foundation)
- Isabelle Meyer-Andrieux (Drugs for Neglected Diseases Initiative)
- Homie Razavi (CDA Foundation)
- Nicole Smith (US CDC, retired)
- Annette Sohn (TreatAsia, amfAR)
- Mike van der Ven (Pivotal Ventures)
- Nick Walsh (PAHO)
- John Ward^ (US CDC)
- Stefan Wiktor* (Washington University)

* Co-Chairs  ^ Observer
Fund for Elimination of Viral Hepatitis (DBA “EndHEP2030”)

- A nimble and lean organization with a life span of up to 25 years
- US$ 1 billion to be raised over its life span
- Primarily a grant-making body
- Focus on capacity building and advocacy for sound public health policy development within the context of national health systems
- Launch scheduled for November 2017 at World Hepatitis Summit
- Rockefeller Philanthropy Advisors will be the Program Sponsor for the first three years (2018 – 2020)

Engaging the Philanthropic Sector For Greater Impact

- Heighten awareness – donor education
- Collective platform for like-minded donors
- Mobilize private and corporate philanthropy
- Leverage funding resources
- “Ownership” of actions
- A driving force (not just an enabling party)
Building Global Capacity For Hepatitis B and Hepatitis C Elimination

- Analyzing strategic information
- Developing elimination plans and related policies
- Providing technical assistance to national governments
- Assisting program implementation and evaluation
- Improving access to quality and affordable diagnostics and therapies
- Spurring innovations in prevention technologies
- Raising public awareness and promoting synergies

- Possibly others…

Strategic Partners (in formation)
Inaugural Grants

To mark the launch of EndHEP2030, ZeShan Foundation has awarded grants to WHO HQ, WPRO, CDAF, CEVHAP, WHA, and RPA for enhancing and strengthening communications capacity and broadening stakeholder engagement.

Similarly, The John C. Martin Foundation has also made a donation to WHA for support of WHO’s effort in Europe and Africa, and a grant to EndHEP2030 for strategic planning and implementation.
